RELIGIOUS EDUCATION AT YARDLEYS

INTENT: To educate students in a diverse set of religious beliefs and values in order to engage in a rich dialogue about religion and how religions shapes society. Religious Studies will develop independence of mind, allow for the exploration of philosophical questions and develop critical thinking skills; exploring the significance of non-religious notions in response to key religious ideas. Religious Studies will develop the appetite for curiosity, empathy, tolerance and respect as a foundation for lifelong learning and adult life.
