

Parents' Guide for Joining the Remote Meeting

Browse to <https://yardleys.schoolcloud.co.uk/>

Once you have booked your remote meeting (following the Parents' Guide for Booking Appointments), you will need to be ready to join the session at the booked time. Please note that the session length is a maximum of 4 minutes from the booked time. If you join the session late, this will cut in to that 4 minutes and you may not have enough time to fully discuss your child's report with their form tutor (or other designated member of the Yardleys' staff).

Step 7: Start Appointment

A countdown to your appointment will be displayed on the screen and you will need to click on 'Start Appointment' when the appointment time is reached. Please note that the member of Yardleys' staff is likely to have an appointment before and/or after your appointment slot, so all of the timing is controlled by the School Cloud system. This means that no extensions to the 4 minute appointment slots can be made. It is imperative, therefore, that start times are adhered to, if the full appointment time of 4 minutes is required.

Step 8: Wait for teacher

When the teacher joins you will see them in the main part of the screen.
