

  
Having a Covid 19 test.

         
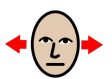

When I am in school, I have to take a Covid 19 swab-test.

         
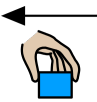

Everyone has to have a swab-test. This is to keep me, my

      
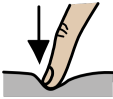

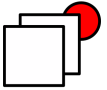

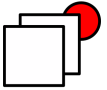

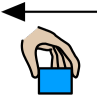

friends and my teachers safe.

         
When I have a swab-test, someone will be sitting near

        
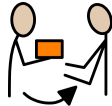

me and talk to me about what is happening. The

    
swab-test does not hurt.

       
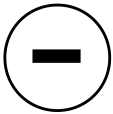

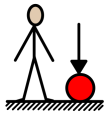

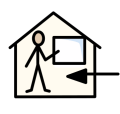

To do the swab-test, I put the swab in my mouth

       . Then   it

     it   

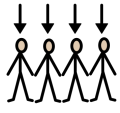

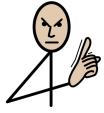

.    ,   the

 to the  or  to  the .

If the  is ,   in  with 

. If the  is ,    

   for  .

   a . It is to   . If

I

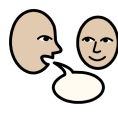

am

worried,

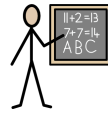

I can

talk to

my

teachers.
